

Dear Razzle Dazzle School,

Having heard about you from a number of school friends and one personal friend, [name removed] had been repeatedly asking to be able to attend your school. We finally gave in and neither [name removed] nor we have looked back. Our daughter thoroughly enjoys her time spent with you and has been integrated quickly and efficiently into the school, so far so that she has already been given a small solo part in a song in your next production. Her teachers are excellent and the atmosphere between the students is lively and encouraging. All in all, we are extremely happy with the school, as is [name removed].

Kind regards,
Veronique Probyn-Heffernan
